Options

Accidents and injuries happen unexpectedly and can be costly. Out of pocket medical expenses continue to increase every year. Even with a comprehensive medical benefit package, you may still be responsible for paying high deductibles, copays and other expenses. At Benefits for Everyone, we are here to help with Alliance Accident Medical Expense insurance, sometimes called AME. AME reimburses a covered patient's actual out of pocket medical expense up to the maximum benefit amount for a covered accident or injury after a \$100 per accident deductible. AME is competitively priced with three plans to choose from.

Who Gets Paid?

You get paid. When you have a covered accident or injury, your health insurance company pays your doctor or hospital, but your accident insurance company pays you.

3 Available Plan Offerings

- ✓ Per Covered Accident Medical Expense Deductible Maximum of \$100
- ✓ Per Covered Accident Medical Benefit Options up to: \$5,000, \$7,500, \$10,000

Accident Medical Expense Benefit Description

Benefit availability, limitations, exclusions, and definitions may vary by state. Refer to your Outline of Coverage or contact us.

This benefit is payable for Covered Expenses that result directly, and from no other cause, from a Covered Accident, subject to the Deductible, Co-insurance Rate, benefit maximums and other terms or limits of the Policy. Accident Medical Expense Benefits are only payable: 1) for Usual and Customary Charges incurred after the Deductible has been met; 2) for those Medically Necessary Covered Expenses that the Insured receives; 3) as long as the first expense is incurred within 90 days of the Covered Accident; and 4) for charges incurred within one year of the Covered Accident.

No benefits will be paid for any expenses incurred that are in excess of Usual and Customary Charges or that is payable under another health plan covering the Insured for Medical or Dental Expense Benefits.

Covered Medical Expenses include: 1) Treatment by a Doctor; 2) Care given by a Graduate Nurse; 3) Confinement in a Hospital; 4) Ambulance service to and from the Hospital; and 5) Services and supplies order by a Doctor.

The benefits payable under the Policy will be paid on an excess basis over and above any benefits or services provided for by: 1) any other valid or collectible insurance; or 2) any other form of indemnity payable by those responsible for the loss, such as an airline carrier.

In no event will Our payment, when combined with such other payments, exceed 100% of the Covered Expenses incurred. The amount of benefits provided by other valid and collectible or other forms of indemnity: 1) will be determined without reference to any: a) coordination of benefits provision; b) non-duplication of benefits provision; or c) other similar provision; and 2) will include any benefits to which the Insured is entitled, regardless of whether claim is made.

We pay Covered Expenses: 1) after the Insured satisfies any Deductible; and 2) only when they are in excess of amounts paid by any other Health Care Plan. Benefits will be paid without regard to any Coordination of Benefits provisions in any Health Care Plan.

Definitions:

Covered Expenses means expenses actually incurred by or on behalf of an Insured for treatment, services and supplies covered by this Policy. Coverage under this Policy must remain continuously in force from the date of the Covered Accident until the date treatment, services or supplies are received for them to be a Covered Expense. A Covered Expense is deemed to be incurred on the date such treatment, service or supply, that gave rise to the expense or the charge, was rendered or obtained.

Pre-existing Condition means an illness, disease or other condition of the Insured, that in the 12 month period before the Insured's coverage became effective under this Policy: 1) First manifested itself, worsened, became acute or exhibited symptoms that would have caused a person to seek diagnosis, care or treatment; or 2) Required taking prescribed drugs or medicines, unless the condition for which the prescribed drug or medicine is taken remains controlled without any change in the required prescription; or 3) Was treated by a Doctor or treatment had been recommended by a Doctor. *This Pre-existing Condition limitation may vary by state. Please refer to the Policy or Outline of Coverage for specific provisions applicable.*

Dependent means an Insured's lawful spouse or Domestic Partner and an Insured's unmarried child, from the moment of birth to age 25 if a full-time student, who is chiefly dependent on the Insured for support. Insurance will continue for any Dependent child who reaches the age limit and continues to meet the following conditions: 1) the child is handicapped, 2) is not capable of self-support and 3) depends chiefly on the Insured for support and maintenance. The Insured must send Us satisfactory proof that the child meets these conditions, when requested. We will not ask for proof more than once a year. If the Insured has elected coverage for a Dependent child, any newly born child of the Insured will be covered from the moment of birth for 31 days. Coverage may be continued beyond this time period if the Insured notifies Us within 31 days of the child's birth and pays any required premium.
